Enrique, I spoke with Harry Hendler yesterday about setting up a meeting with ADEQ and ADWR before the site tour. Harry will not be there next week but Laura will. He's going to get back to me today to let me know what's possible. I'll keep you posted.

Thanks Carolyn:

So ... are we planning to meet ahead of time with ADEQ and ADWR to discuss the dispute, etc? If there's a place to eat lunch near the base, that might do. Early lunch at 11:30 AM? Whatever you think would work to have some time with folks.

Enrique

Can you please clarify a few items regarding the ST012 SEE event?

- 1 Was State of Arizona Department of Water Resources (ADWR) invited to SEE event?
- 2 If so, whom?
- 3 Is the remediation tour still planned?
- 4 If so, from when to when (time frame)?
- 5 Which Distinguished Visitors were to be offered a tour invitation?

My immediate management noted the ADWR logo and assumed that since the ADWR was a Federal Facility Agreement signatory, they were included in the ST012 invite list, but had not had a verification. Additionally, I was trying to coordinate some Mar. 24 items for my management, but did not know if the 1-3 pm tour had been finalized, or if numerical/management position limits had been established.

Thanks.

Wayne Miller,
